

Communications Service Provider Practice

About Technology Executive Group

Technology Executive Group was founded in 1995 with a mission of assisting technology companies around the world in hiring high impact leaders. It is this mission coupled with our flexible client solutions that has enabled TEG to become the preferred recruitment provider of many industry leaders today. We provide deep domain expertise in each practice area with a concentrated effort of placing our client's needs first on each and every assignment.

For over 12 years, the Communications Service Providers Practice has successfully placed candidates in a broad spectrum of positions on a national and international basis. TEG's clients range from some of the most recognized mega organizations in the industry to second and third tier providers including;

AT&T
Clearwire
Comcast
Cox Communications
First Communications
Level 3
Paetec
Sprint Nextel
T-Mobile

TECHNOLOGY EXECUTIVE GROUP
TALENT ACQUISITION

Suite 109N
Mt. Laurel, NJ 08054
(856) 985-5368 (phone)
(856) 552-2510 (fax)

Our executive search consultants have the expertise, industry contacts, client knowledge and credibility expected by top-tiered Communications Service Providers. Organizationally we have successfully completed over **1800 searches in the past 12 years** in sales, sales support, marketing, finance, middle management, executive management and C level positions.

TEG has an impeccable reputation in the Communications Service Provider industries. We are a proven source in uncovering superior talent and providing innovative recruitment solutions. Our ability to quickly mobilize and execute multiple-position staffing projects has set us apart from others in the search industry. Our track record of success has resulted in over 80 percent of our new recruitment assignments coming from repeat business and client referrals.

TEG prides itself in partnering with clients for the long-term, and our relationship does not end when we conclude an assignment. Value added services that we provide on an on-going basis include 90 day on-boarding consultation, compensation surveys, and International Recruitment Solutions.
